

## Cone Bottom Tanks 30° Slope

CONE BOTTOM TANKS 30° SLOPE | PROCHEM® CONE BOTTOM TANKS 30° SLOPE | PRO

ProChem® Cone Bottom Tanks are designed for storage of water or chemical solutions where batching, mixing or full drainage might be required. 30° cone slope allows for optimum mixing and better overall drainage, particularly with solids and viscous liquids.

Available in Standard Duty for liquids up to 1.5 Specific Gravity (12 ½#/gal.) or Heavy Duty for liquids up to 1.9 Specific Gravity (16#/gal.) with or without integrally molded plastic stand. Designed for atmospheric pressure and ambient temperature applications. Large 8" vented twist lid\* is standard, 16" available on 500. Drain and process fittings are not included but available in various sizes and styles. Process fittings and other options are available. Steel, Stainless Steel or FRP Stands are available in standard and seismic designs as required. Tanks are NSF/ANSI/CAN Standard 61 Certified. Contact customer service for application assistance.

Size: 200 Gallon

Size: 500 Gallon

Size: 45 Gallon

ProChem® Cone Bottom Tanks are also available in PPL and PVDF (Kynar®).
